Farmers Compelled to Scuffla Along as Best They Can-Lumber Company Increases its Capital Stock,

WALEIGH, N. C., July 22.-Ex-United States Senator Matt. W. Ransom, who is here attending the State Farmers' Convention at the Agricultural and Mechanical College Summer School, says the farm labor question is become a very serlous one in his section, and, in fact, hroughout the State. Farmers are com pelled to scuffle along as best they can against great odds in this respect. This is a general complaint among the two hundred and more, farmers here from

all parts of the State.

The Church Lumber Company, of Winston-Salem, filed a certificate to-day of the increase of their capital stock from \$6,000 to \$12,000, the additional stock being for the purpose of installing a new plant. F. H. Fries, T. W. Church and H. A. Pfohl are the principal stockholders.

holders.

The New Bern Cotton, Oil Mill Company increases their capital from \$50,000 to \$100,000. R. F. Broaddus is president and W. K. Slyton secretary.

Another big distilling company was given corporate life to-day. It is the Hoffman Distilling Company, of Hoffman, Richmond county. The authorized capital is \$25,000. The concentration of distilleries in the towns is causing a number of them to incorporate and all are greatly increasing their output. are greatly increasing their output.

bad air this insidious foe to health is found. Poisonous vapors and gases from sewers, and the musty air of damp cellars are laden with the germs of this miserable disease, which are breathed into the lungs and taken up by the blood and transmitted to every part of the body. Then you begin to feel out of sorts without ever suspecting the cause. No energy or appetite, dull headaches, sleepy and tired and completely fagged out from the slightest exertion, are some of the deplorable effects of this enfeebling malady. As the disease progresses and the blood becomes more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is

more deeply poisoned, boils and abscesses and dark or yellow spots appear upon the skin. When the poison is left to ferment and the microbes and germs to multiply in the blood, Liver and Kidney troubles and other serious complications often arise. As Malaria begins and develops in the blood, the treatment to be effective must begin there too. S. S. It matters not whether you have been sick a few months or ten years, our Natural Mineral Water Remedy will restore your health. Physicians indorse what we say and use it in their practice, because it produces results which hand-compounded drugs do not.

Remember you do not have to spend your money in railroad fare and board, but stay at home and take a more thorough Mineral Water Treatment than if you visited the springs. One dose of the Concentrated Water has more minerals than a quart of the Natural Water, and this is why results are better. Such diseases as Indigestion, Rheumatism, Stomach and Bowel Troubles, Catarrh, Female Complaints, Kidney and Bladder Troubles, Torpid Liver, Scrofula and all Blood Diseases are cured readily with our Concentrated Water. Money refunded if results are unsatisfactory.

President Henderson, of the Virginia institute at Bristol, announces through the Religious Herald that the school-building is undergoing a thorough renovation, preparatory to the opening on September 8th. There are prospects of a most successful session.

An interesting thing occurred recently at the school. Miss Lota Harrigan, of Mexico, who was graduated there last year, and who will take graduate work under Dr. Schommel during coming year, composed a beautiful "nocturnal, which she dedicated to Prince Henry, and sent him a copy. She has just received the following note in reply:

First Announcement of the Education Commission.

A REPORT OF INTEREST

Valuable Suggestions Are Made-List of Those Appointed to Represent the Commission at District Associations.

The first definite and positive announce ments of a scheme of work in the interests of the denominational schools of the State have just been made by the Education Commission of the Baptist Genera Association of Virginia. There are sevtions which will be read with great in terest throughout the State.

The commission, it will be recalled, was appointed to draft a plan for the co-ordination of the Baptist schools and colits work with more or less success, and some headway in the arduous undertak ng. It met here recently and appointed a special committee to consider certain mportant matters and make a report. This report has just been formulated and given to the public. It speaks for itself, as follows:

"At a recent meeting of the Baptis Educational Commission a committee consisting of Dr. W. E. Hatcher, Dr. V. R. L. Smith and Dr. R. H. Pitt was appointed to organize some scheme of work for the summer in the interest of the Baptist schools of Virginia. After serious consideration, the committee beg to submit the following suggestions, and voke the ardent co-operation of the

rvoke the ardent co-operation of the Virginia Baptists in carrying out the methods presented for helping forward the work of the Education Commission:

1. It is recommended that the district issociations set apart a time for presenting the purposes and claims of the Education Commission.

2. It is recommended that at least one representative be chosen to speak or the commission at each district association.

"3. It is recommended also that special tention be called to the action of the Sapitst General Association of Virginia in instructing the commission to proceed a promptly as possible to raise at least \$20,600 for our education work in the state, and we urge the churches to accred to this vast and important movement their full support.

"4. It is recommended also that the Education Commission adopt as the special feature of its work the prompt revoval of the indebtedness of the Rawlings Institute, at Charlottesville, Va., mounting to \$2,500. This will remove all he debt of the Rawlings, with the exception of the mortgage debt of \$10,000, which the authorities of that school believe they will be able to carry.

"5. It is further recommended that Dr. I. W. Tribble be appointed by the commission to raise the sum necessary to emove the floating debt on the Rawlings nstitute, it being understood that all noney collected for this purpose go into he hands of Judge W. R. Barksdale, reasurer of the Education Commission, only when the entire amount of \$3,500 has been secured. In accordance with the bove action, the commission at the district sociations: For the Dover, Dr. C. H. Ryland, assisted by Dr. Hatcher; for the Japahannock, Rev. F. B. MAN CONFESSES BIGAMY

Arrested for Cruelty to His Girl-Wife He Admits Having Another Wife from Whom He Has Never Secured a Divorce.

GREENSBORC, N. C., July 22.—The recent drop in prices of the principal stocks of the Wall Street market brings surprising amount of trouble to numerous small speculators in all towns where stock brokers' offices are located. However it may be in other towns, certain it is that many men in Greensboro and Winston-Salem, at least, are just now on the ragged edge of financial despair. Of them a few only are of substantial means. Chemical, Brooklyn Rapid Transit, and United States Steel stocks have been especial favorites here and at Winston-Salem, and, strange to say, they have declined more than any others. One man who had Virginia-Carolina Chemical to the amount of a thousand shares, it is said, that cost him 68, hurried to New York night before last on receiving a quotation of 40. Of course, the larger number of young men will simply lose all their savings and drop out. The bigger fish may be able to flounder across the shoal, or they may lose all in the effort.

Wright married a very respectable young sirlhere last Christmas, and on the trial yesterday it was proven that he had made her work in the cigar factory to support the two, having refused to work himself at \$1 a day. To this offense he had added the other one of wife-beating. It developed on the trial that White was a bigamist also, he having admitted on cross-examination that he had married a woman in Bennettsville, S. C., moved to Laurel Hill, N. C., and then abandoned her, and that he had never secure a divorce. Asked if he knew that the penalty for bigamy in North Carolina was a penitentiary sentence, Wright answered that he did. He will be tried at next term of August Superior Court for bigamy. His girl wife says that Wright told her that he had been married before, but had procured a divorce. Burglars entered the grocery store of Davis and Bennett last night by prizing up a bar to the back window. They secured about \$5 in change from the money drawer and a gold watch, not troubling about anything in stock.

INTERESTING CONTEST.

The Southside Hose Company realized \$150 at a lawn party last night, to go towards paying their expenses at Durham to the Firemen's Tournament at Durham next month. Much interest centered around the voting contest for four young ladies to go with the company as delegates and a matron as chaperone, and Misses Hallie Wotten, Bettle Guthrie, Hattle Clapp and Kate Tate as lady delegates.

Upon China's Assurances.

(By Associated Press.)

WASHINGTON, D. C., July 22.—Notwithstanding the publication of dispatches from various foreign cities questioning the extent of the promises made to the American government by China and Russia respecting Manchuria, the officials have positively declined to add to or take one word from the statement published from Washington just before the departure of Secretary Hay to the effect that satisfactory assurances had been received that two or more Manchurian ports would be opened to the world's trade.

It is quite certain that China, which is here regarded as the soverigin power in Manchuria, made these pledges, and it is equally certain that, the United States fovernment fully intends that they shall be kept. The details referred to in the original statement as requiring adjustment are still unsettled, but the State Department is patient, resting in full confidence of the opening of the ports required within a reasonable length of time. It is true, as stated in the London dispatches, that Japan looks with suspicion upon the Russian pledges relative to Manchuria, and has intimated to suspicion upon the Russian pledges relu-tive to Manchuria, and has intimated to the State Department that they are not satisfactory, but so far the department sees no reason to accept that view.
